## SERVICE ABOVE SELF

### A NOTE FROM THE PRESIDENT

**Date: 21st February**

This bulletin is a very shortened one due to the editor's other commitments this week. I have enjoyed the stimulation of the PETS training and have some good ideas to float with you all when time permits.

Great work was done by the Tunstall Market Committee to get the market into operation with all the new logistics. It means the market will now re open in March which gives us time to sort out the who and how of the tasks to be allocated.

Also, great work by the Op Shop staff as always – see the photos taken from Facebook – we hope deserving members of the public are taking advantage of the freely available fresh food in the fridge outside the shop. It takes dedication for the staff to keep collecting from the supermarkets so a huge thankyou to you all

Next week will be very interesting to hear Pat Armstrong talk about ESRAG which I hope will stimulate some of you to join this interest group as it is so important.

We are off on a short break this weekend to Porepunkah to reacquaint ourselves with family members whom we haven't seen for some time.

See you all next Tuesday.

This is Marg George's handiwork during the lockdown. Lucky David!

### Club Bulletin

FROM THE LATEST OPEN DOORS: FOR YOUR INTEREST

#### The Countries of Zone 8

**Rotary International**

**Zone 8**

- American Samoa
- Australia
- Cook Islands
- Fiji
- French Polynesia
- Kiribati
- Nauru
- New Caledonia
- New Zealand
- Norfolk Island
- Papua New Guinea
- Samoa
- Solomon Islands
- Timor Leste
- Tonga
- Vanuatu

In the last issue I mentioned the countries encompassed by Rotary Zone 8. In a recent exercise DGE, Daryl Moran, created this graphic of our Zone. The display of flags really shows us how many countries are included in this part of the Rotary world and the number of opportunities there are to become involved in great international service projects in our own "neighbourhood".
